

PERFORMING ARTS

BTEC DIPLOMA AWARD

Complement the Award by taking an A Level alongside. You might consider Photography, Textiles, Music, Media, Graphic Design, 3D design or Drama.

The Diploma Award in Performing Arts is perfect for those who are most likely to follow a career in the industry. Most Drama and Dance schools and Universities which offer Performance courses are much more interested in your ability to perform and how well you do in an audition rather than grades in academic based subjects. The practical element of this course gives you the opportunity to learn performance skills which you will need in order to pass the auditions required for University or specialist courses.
