

Hannah Robinson

Production Development Producer

Class of 2009 Alumni

Choosing Media Studies at Carmel sent me on a path into the dream job that I have now! I look back at my time at Carmel with fondness.

"I am a full time Production Development Producer at dock10 Studios in MediaCity working in the Innovation team. My team specializes in Innovation, Virtual Production & Virtual Production Technology, Motion Capture Technology and AI. I've been lucky enough to work with some of the biggest names in UK sport, and some of the flagship and most-loved Television programmes in the UK and beyond. I could name a few but Match of the Day is the one that usually gets people excited! Before dock10, I was a Producer and Director in Sports Media for nearly 8 years."
