Following my graduation in 2023, I pursued my Masters of Law and Environment at Lancaster, an interdisciplinary degree with the Lancaster Law School and the Lancaster Environmental Centre. I achieved a Distinction, and I achieved the Law School Blog Competition based on my dissertation work 'Ecosystem Service and the Law'. I currently work in Property, for the UK Government on the Civil Service Fast Stream, where over the next 4 years I will develop my skills to become a Grade 7 Civil Servant."
