## Apprentice Dental Nurse

Class of 2020 Alumni

My time at Carmel was incredible! I enjoyed every second of my time there. Carmel was a great place where I was able to grow my skills, confidence and personality to better myself, further my studies and grow into myself and my future career.

"After Carmel, I received an offer from the University of Manchester, where I went on to graduate with a 2:1 degree! Afterwards, I left my part-time employment in order to begin a dental nurse apprenticeship to kickstart a brand new career for myself that can lead to incredible opportunities."

Higher Education

Criminology with  
International study  
University of Manchester

Studied at Carmel

Criminology	A*
Psychology	A*
English Lang & Lit	A*

School

De La Salle
