## Digital Media & Content Assistant

### Class of 2020 Alumni

At Carmel the teaching was delivered really well with the right balance of opportunities to figure out my own style of creativity.

“I graduated with a first in BA Hons Fashion Promotion and Marketing with sandwich. During my placement year I interned at a modelling agency in Manchester called FAD. In my final year I was nominated to go to Barcelona for a design challenge, where I got to design and create a garment in a group with other international students. I also got shortlisted for three awards at graduate fashion week in London.

I have been recently nominated for a visionary award for a project I did in my final year for a live brief with size? Syllabus X Salomon. So fingers crossed! I also secured a Digital Media and Content Assistant internship at UCLan. I am currently applying for social media/styling roles before my contract at the university ends.
