High School

Maricourt Catholic High

I loved my time at Carmel! I have fond memories of my experiences there, the teaching was outstanding and my love for learning was fostered by my tutor and subject teachers alike. Carmel was a welcome and warm hub of learning and I felt prepared for my university degree after my time there.

“I am currently working as a media planning executive for the Promo Planning team at Sky in Osterly, London. I moved away to Lancaster University to study English Language and Literature (Placement Year). In my third year of study I moved to London to work as an on air intern at Hearst Networks EMEA.

I currently sit in the Airtime team where I look at data and viewing trends to boost performance of TV promos and drive viewing for the business. I have worked here for around two months.”
